DEATH OF MRS. J. H. BEBOUT

Well Known and Highly Respected Woman Passes Away.

Had Been Ill for Several Months—Funeral Services on Thursday.

Mrs. Candace Bebout, widow of the late John H. Bebout, who for the past four months had been critically ill at her home on North Morgan street, passed out of this world at 6 o'clock this morning to enter upon that life eternal which is the reward of those who faithfully adhere to the teachings of the Master.

Mrs. Bebout had been gradually declining and her condition yesterday and all last night was such that hope for her recovery was given up and there was nothing to do but to await the final summons. The end came peacefully at 6 o'clock.

Mrs. Bebout was 58 years of age. She was a daughter of Watt Brown, and was born and raised in this county.

She was a woman with a very large circle of friends who deeply mourn their loss. She was beloved by all of those who met her and she always had a kind word for all. She was possessed of a very cheerful disposition and a bright intellect and always willing to lend a helping hand to those in need. She was faithful to the church and prominent in its work. She joined the Christian faith, and at the time of her death was a member of the Main Street Christian congregation of this city.

Mrs. Bebout leaves three sons and two daughters who survive, Russell, Silvertown and Harter Bebout, and the Misses Ethel and Mervine. The funeral services will be held at 2 o'clock Thursday afternoon at the residence and will be conducted by Rev. J. W. Conner, of Irvington. The interment will be in East Hill cemetery.

MORE OIL LAND HAS BEEN LEASED

Drilling Continues at Buena Vista—Prospects are Very Flattering.

Old Franklin county will waken from its long lethargy and become the seat of excitement, if oil is found to abound in its hills.

Additional reports from Buena Vista oil field confirm the report that oil has been found at a depth of about 950 feet, but those who ought to be the best informed are not disposed to give particulars. At the same time quiet work is being done in leasing additional ground. A prominent farmer, who lives but a few miles from the well says that leases for about 1000 were closed on Thursday of last week.

One of the drillers has stated that the prospect of securing oil in paying quantities are as flattering as any he has ever seen.

One peculiarity is that no gas has yet been struck, though gas in limited quantities has been found within a few miles to the west and northeast. Another farmer said that while the pump used at the well brought up some oil, that it was not in a paying quantity and that the company was still drilling. It has not yet been decided to "shoot" the well.

In China a man can not by will dispose of his land in favor of any one person, whether relative or stranger; it must be distributed among all his male children without exception.

An agreement pledging the signers to give no employment of any kind, directly or indirectly, to Japanese is being circulated in Yolo county, California, and being numerously signed.

NEED NOT APPEAR

Attorney-General Decides That Marriage License Applicant May Send Substitute.

Timid swains and sweethearts who have been fearful of undergoing the ordeal of answering the fifty questions to which they must furnish replies before being granted a marriage license under the new law, may breathe easier.

It is not really necessary for them to appear in person to answer the questions propounded, provided they can send some one who will and can truthfully make answer to all the interrogatories.

Attorney-General Charles Miller has rendered a decision on this subject. The attorney-general quotes sections one, two and three of the new marriage law, and says: "Under these sections the State Board of Health prepares the application which is uniform throughout the State, and from these sections it seems clear to me that the application may be made by the contracting parties, or by an acquaintance who knows all the facts and can fully and completely answer all the questions required."

GOWDYSTO RETURN HERE IN OCTOBER

Consul General Will Surrender His Post in September and Leave at Once.

A dispatch from Anderson, Ind., to the Indianapolis News says: Mr. and Mrs. John T. Ellis, of this city, returned Sunday evening from their annual visit abroad. They were in England and France several weeks, and while at Paris they were entertained by Consul-General and Mrs. John K. Gowdy.

"The Gowdys are living well and enjoying Paris," said Mr. Ellis today, "but are happy in the thought of returning to Indiana next fall. Mr. Gowdy is showing signs of age, but he continues very active and enthusiastic in the affairs of his office. I found that he has mastered considerable of the French language during his years in Paris, and he speaks it fairly well. He told me that, with his family, he will return home in October next. He said he would be relieved of his office on September 30th and he hopes to be able to start for home a few days later. Beyond that time he did not talk of his plans.

LODGES JOIN IN HOLDING SERVICE

G. A. R., W. R. C. and P. O. S. of A. Hold Patriotic Meeting.

About four hundred people attended the union patriotic meeting held Monday night at the Woodmen's hall in the Poundstone building, corner Third and Morgan streets. A rousing good meeting was held. Both the G. A. R., the W. R. C. and the P. O. S. of A. were well represented and all joined in making the services a grand success. State President Edgar Rice, and State Secretary Samuel Symmes of the P. O. S. of A. were present. Mr. Rice made a stirring patriotic address which was highly appreciated. The program rendered is as follows:

Song, School choir.
Address, J. M. Stevens, G. A. R.
Instrumental music, High School Orchestra.
Paper, Mrs. Alice Bainbridge, W. R. C.
Recitation, Mrs. Conover.
Stereoscopic Views and Lecture, P. O. S. of A.
Adjournment.

A RECEIVER IS DEMANDED

Troubles of the Equitable Coming to a Legal Show-Down.

It is alleged That the Society's Officials Have Disregarded Their Trust.

New York, April 25.—Receivership proceedings have been instituted against the Equitable Life Assurance Society by J. Wilcox Brown of Maryland, a policyholder. In the United States district court here he filed an action against the society, asking for the appointment of a receiver of the surplus fund; an accounting for the benefit of himself and other policyholders that may join with him in the proceedings; and an injunction to prevent the society holding the surplus. Brown alleges that the society's officials have disregarded their trust and have not paid his proportion of the net surplus. His counsel have issued a statement saying that the huge surplus of the society is not legally retained from the policyholders nor lawfully used by the society, and that the profits due the policyholders, except the 7 per cent dividends, is now attempted to be swept aside by the stockholders' claims.

Two other phases of the Equitable controversy are in court. Justice McLean in the supreme court has reserved decision in the case of Herbert G. Tull, a policyholder, who applied for an injunction restraining the society's officers from taking any further proceedings to obtain an amended charter for the society. Mr. Tull's counsel attacks the proposed charter as a "blind" which really gave the policyholders nothing.

Counsel for Vice President Hyde of the society and Franklin B. Lord, a policyholder, appeared before Justice Maddox in the supreme court at Brooklyn to oppose a petition by President Alexander to strike out certain references to Mr. Alexander from the petition in which Mr. Hyde intervened in Mr. Lord's injunction proceedings against the proposed mutualization plan. There was no hearing, however, as the court had not yet received the Alexander petition.

GAS COMPANY ELECTS OFFICERS

Rushville Natural Will Drill Four New Wells in Shelby County.

The meeting of the stockholders of the Rushville Natural Gas company held at the company's office on North Main street Monday evening was attended only by the directors and one or two of the other stockholders.

The directors in charge of the company's affairs during the past year were re-elected. The directors are Leonidas Link, Theodore Abercrombie, Theodore H. Reed, George H. Puntney and John H. Power. The directors organized as follows: George H. Puntney, president; Theodore Abercrombie, vice president and Theodore H. Reed, secretary-treasurer.

The directors have closed a contract with Ed. Atkins to drill four new gas wells in the Shelby county field, lying near Gwynneville and Morristown. Two other wells will probably be drilled in the company's new field, west of town. Work on the wells will begin at once.

Collapse of Chicago Strike.
Chicago, April 25.—The teamsters last night called off their strike against Montgomery Ward & Co. Refusal of the garment workers, in aid of whom the teamsters went on strike, to be parties to a fight against only one firm when they had grievances against a number, led to a disruption of the committee managing the strike and the collapse of the struggle.

OUR CIGARETTE LAW Cincinnati Paper Says Hoosier Salons Have Made a Great Mistake.

The Cincinnati Commercial Tribune seems to think we are intemperate in Indiana. It has the following to say in regard to the cigarette law in this State: "And in Indiana the anti-cigarette law has gone into effect. The smoker of tobacco in that charming form were compelled to go without their customary solace. But the Hoosier salons have made a great mistake. A cigarette is no more harmful than a cigar, or a good pipe. But they are terribly harmful simply because they tempt boys, and in addition they lead men to great excess. In tropical countries, where they are much commoner than cigars and pipes, no evil results from their use. It is another case where abuse and not moderate use has brought forth stringent laws in abatement."

WANTS TO BE CHAIRMAN

Owen L. Carr, of This City, Said to be Wishing to Succeed Col. Thayer.

The Indianapolis Star this morning contains the following:

"Owen L. Carr, of Rushville, who is a member of the advisory committee of the Republican State committee from the Sixth district, has aspirations to be a member of the latter committee and has announced himself a candidate to succeed District Chairman Edwin P. Thayer, of Greenfield. Col. Thayer, it is understood, will not be a candidate for re-election and he is said to be a party to the plan to make Carr his successor. Col. Thayer has served two terms.

"Even with Col. Thayer out of the race there are said to be indications that Carr will have opposition. Chairmanship fights in the Sixth district have always been heated, though friendly. Congressman Jim Watson has been wise enough to observe a neutrality that enables him to line up the chairman, no matter who he be.

While Carr is his fellow townsman it is said that he will not take an active interest in the fight should opposition for Carr develop.

Carr is well known throughout the Sixth. He is a former Rush county office holder."

WILL NOT GO TO THE PHILIPPINES

Congressman Watson Has Decided Not to Make the Trip.

For various reasons, Congressman James E. Watson, of this city has decided not to go to the Philippines with Secretary Taft's party in July.

Mr. Watson in all probability will make the trip to the World's Fair at Portland, Oregon, instead. He has telegraphed his friends at Washington concerning his decision. Congressman Crumpacker may decide to remain at home also. Joseph B. Kealing will not take the trip on account of Mr. Watson's decision to remain at home, so it seems that after all, Indiana may not be represented.

Two Trainmen Killed.
Indianapolis, Ind., April 25.—A Big Four fast freight train running at a speed of thirty miles an hour, was wrecked at the North Indianapolis station, crushing out the lives of two men and injuring two others. The engine jumped the track at a switch frog, and was overturned, wrecking several cars. The dead are: James M. McClain, engineer, and Walter C. Dusean, both of this city.

F. G. BIGELOW IS ARRESTED

Speculation Followed by Ruin and Disgrace of a Bank President.

President of First National Bank of Milwaukee Confesses to a Shortage of \$1,450,000.

Milwaukee, April 25.—Frank G. Bigelow, president of the First National Bank of Milwaukee, was arrested last evening charged with the embezzlement of over \$100,000 of the bank's funds. The arrest of Mr. Bigelow followed his confession to the board of directors of the bank that he was a defaulter to the extent of \$1,450,000. Following Mr. Bigelow's confession, he was removed from the presidency of the bank and the facts in the case were laid before the federal authorities.

The complaint charges that Bigelow as president of the First National bank, embezzled a sum exceeding \$100,000. A complaint and warrant identical with those in Bigelow's case, were made out to Henry G. Goll, assistant cashier of the bank, but Goll could not be found.

President Bigelow was taken before United States Commissioner Bloodgood, where he waived a hearing and was held to the federal grand jury under \$25,000 bond. Dr. Horace N. Brown and Arthur N. McGooch certified as sureties and Mr. Bigelow was released. The next federal grand jury has not yet been summoned, but it is expected it will meet some time next month.

The announcement of the defalcation was followed by a rush of depositors to withdraw their money from the First National and from the Wisconsin Trust company, the savings department of the bank. Many thousands of dollars were withdrawn, but, on the other hand, large numbers of people, having confidence in the institutions, increased their deposits. Arrangements were hastily made to meet the run and the officers of the bank express full confidence in their ability to keep them open.

In President Bigelow's confession he said the money had been lost in speculation in wheat and stocks. Not a dollar of it could be recovered, and the only sum he could offer toward recompensing the bank was personal securities valued at approximately \$300,000.

A FINAL APPEAL TO TAX PAYERS

Don't be Delinquent—May 1st, is Last Chance to Keep from Paying the Penalty.

Next Monday, May 1st, is the last day of this spring for taxpaying purposes. If you have not paid, you have until then to do it. Judging from the crowds in the office of the county treasurer now, you had better not wait until the very last day, when the crowd will certainly be much larger. Above all things, don't let this little matter of paying escape your attention altogether.

Although not quoted, the foregoing are ideas of County Treasurer Blackledge and he suggests them with considerable earnestness. Since the State grants the county treasurer no extension of time beyond the first day of May, he says it is impossible for him to grant the humble taxpayer an extension, i. e. viz., that is to say, "Please pay."

It is estimated by the Commonwealth statistician that since 1892 the population of Australia has gained 27,558 by new arrivals and lost 29,000 by departures.

A NEW RULING Affects Disposition of Cigar Boxes—Caution Notice and Label to be Scratched.

The International Revenue Department of the government has made a new ruling regarding the disposition of cigar boxes which will be of interest locally. The new regulations have caused many inquiries to be made of the revenue collectors over the State as to what right dealers have to use the boxes or whether or not they may be given away as heretofore.

In giving away empty cigar boxes dealers formerly scratched the stamps only. The new ruling provides that not only the revenue stamps, but also the caution notice and brand be destroyed. This rule goes into effect May 1.

Some dealers have doubted their privilege of disposing of cigar boxes to be used for other purposes than the reception of cigars. By complying with the new ruling destroying stamps, caution notice and brand label, the boxes may be used as receptacles for garden plants, silver dollars or anything but tobacco.

A SUIT TO BREAK A WILL

The Manlove Case is Venued Here From Fayette County.

The famous Manlove will case which, as announced in the Republican some time ago, was venued here from Fayette county, was entered in court here today.

The suit is that of George E. Manlove et al. vs. Mary L. Meyers et al. to contest at will. Attorneys Conner & Conner and Flores and Broadbent, of Connersville, represent the plaintiffs and McKee, Little and Frost, of Connersville, and Samuel L. Trabue and Watson, Tittsworth & Green, of this city represent the defendants. The case involves some twenty-five people and about \$30,000 worth of property. The case was first tried in the Fayette circuit court where the will was broken. The trial lasted fourteen days. The case was appealed to the Supreme court, where the judgment was rendered. The case is now to be tried over again.

In her will Margaret Manlove gave the major portion of her property to her grandson Porter Meyers, of near Bentonville, and to two or three other parties. The other heirs are trying to get possession of what they deem their share.

GEORGE C. BOSELY IS MENTIONED

To Succeed C. B. Riley as Secretary of the Grain Dealers Association.

A successor to C. B. Riley, of this city, as secretary of the Indiana Grain Dealers' Association was elected this afternoon at a meeting of the board of directors held at Indianapolis.

Among the men who are talked of in connection with the office is George C. Bosely, formerly of this city, but who is now with Robert Bell, in the Board of Trade building at Indianapolis.

Mr. Bosely is Mr. Riley's son-in-law and stands a good show of landing the position. His many Rushville friends would be pleased to see him get it.

A Colorado minister predicts that the world will end in two years. However, it is not safe to accept even a prediction if it comes from Colorado.

Fifty cents has been fixed as the general admission price to the Lewis and Clark exposition, Portland. But commutation books will be sold.

IS DESTINED FOR BIG THINGS

Revival of the Talk About the C. H. & D. and Pere Marquette.

New Lines to be Added—Will Make it One of the Most Important in the World.

A revival of old reports as to ambitious plans of the powers in control of the great central route, the C. H. & D.-Pere Marquette railway system, comes from Toledo. It is said there that the Hollins-Zimmerman syndicate is gradually acquiring, by purchase or lease, new lines of railway that will make the system one of the most important in the world, extending from Lake Superior to the gulf, and from St. Louis to the Atlantic seaboard.

It is asserted that a deal for the purchase of the Louisville & Nashville by the Great Central has been on for some time, and that, if it should fail, a traffic arrangement providing for through freight and passenger service will be made. In this way, it is said, the Great Central will build up a community of interests system that will take rank with the Harriman, the Hill and the Vanderbilt communities as one of the chief factors in transportation. It will be the most active competitor of the Vanderbilt system.

The Great Central lines now spread out over Ohio, Indiana and Michigan. The Erie railroad deal, long rumored and often denied, is to be concluded, it is said, so that the Erie will become a member of the new group of roads, adding Pennsylvania and New York. The Louisville & Nashville purchase or lease would take the Great Central to the States of Kentucky, Tennessee, Georgia, Alabama, Florida and Louisiana.

One of the members of the Hollins-Zimmerman syndicate, it is said, recently informed a Pere Marquette man that "the Erie railway will eventually be taken over, as Mr. Morgan desires it." J. Pierpont Morgan is supposed to be the guiding genius of the Great Central syndicate.

By the closing of the purchase of the Ann Arbor and the Detroit Southern railroads, which, it is declared, in spite of denials, is being concluded for the Great Central, that system would be provided with another line from Ironton, O., in close proximity to the West Virginia coal fields, to northwest Michigan, near the copper mines of the upper peninsula.

Just how the railways in the new group will be operated is now unknown, it is said. But it is understood that the Louisville & Nashville will be operated separately from the rest of the group, just as the Missouri Pacific and the Wabash, both Gould roads, are operated separately. The Erie is also to be operated separately, it is said. But their affiliation will be as close as that of the great constituent systems of the New York Central or Vanderbilt lines.

CASE VENUED TO FAYETTE COUNTY

Kelso Damage Suit Will Not be Tried in the Circuit Court Here.

Attorney John Osborn, of Greensburg, was here today and was granted a change of venue in the case of Mrs. Grace Kelso vs. Mrs. Eliza Kelso which will be taken to Connersville and tried in the Fayette circuit court. The suit, it will be remembered, was filed some three weeks ago. Mrs. Eliza Kelso is the mother-in-law of the plaintiff who charges that the defendant alienated her husband, John Kelso's affections. She asked \$10,000 damages.

PROPER RECOGNITION

"Liberals" Beginning to Believe Gov-
ernor Means What He Says.

Indianapolis, Ind., April 25.—The
"liberal" elements of the state are
beginning to take Governor Hanly
more seriously. At first they thought
he might make a few "grand stand"
plays for the benefit of his party and
then gradually let things drop back
into the old rut, but he is growing
more vigorous every day in executing
his policy. Close friends of the gov-
ernor say he will not let up while he
is in office as he feels he is absolutely
right. He is receiving hundreds of
letters from every section of Indiana
commending his course. Dozens of
invitations are coming for speeches
on law enforcement. He will accept
as many as possible as he is heart-
and-soul in the work he has mapped
out. The church people who have
tried in vain for many years to have
the anti-saloon and anti-gambling laws
enforced are very enthusiastic over
his attitude and are doing everything
in their power to aid him.

John K. Gowdy, consul general at
Paris, and family will return to In-
diana the middle of next October. Mr.
Gowdy expects to be relieved of his
office September 30 and he will ar-
range to start for this country as
soon as he can possibly get away. He
is anxious to return to the scene of
his former political triumphs. Dur-
ing the last few months many state
papers have mentioned him favorably
for re-election as state chairman and
a number have boomed him for gov-
ernor but he is growing old and inas-
much as he has amassed a fortune
during the last few years it is not
thought that he will re-enter politics.
It is understood that Mr. Gowdy will
settle down on his magnificent farm in
Rush county.

The Indianapolis Baptist Ministers
association adopted a resolution heart-
ily commending Governor Hanly for
his action in insisting upon strict
enforcement of the laws. Similar action
was taken by the Ministerial associa-
tion of South Bend and other cities
Monday, showing that they are
aroused by the governor's words. The
governor, it is understood, firmly be-
lieves the anti-cigarette law will be
held constitutional by the supreme
court and that under it smoking can
be prevented. A test case will prob-
ably come from Anderson within the
next few days, but if no other city
furnishes one Prosecutor Benedict of
this county will have the grand jury
indict some smoker so a test can be
made that way.

The failure of George A. Cunning-
ham of Evansville to land the first
district congressional nomination may
mean that he will be a candidate for
district chairman although some lead-
ers think there should be a new man
owing to the feeling created between
the Cunningham and Brady forces
over the row in the Rockport con-
vention. Under the circumstances there
may be considerable opposition to
Cunningham if he runs again for dis-
trict chairman. It is said that Col. Ed
Thayer of Greenfield, Sixth district
chairman, is anxious to retire and that
Owen Carr of Rushville, a member
of the advisory committee of the
state committee may be a candidate
to succeed him.

The rejection of all bids for voting
machines for Marion county caused
considerable surprise and likewise
created much interest throughout the
state owing to the fact that many
counties are getting ready to buy
machines as soon as reasonable prices
can be secured. Voting machine
agents still insist that \$600 is a low
price for machines and that they can
not be furnished for \$400, but it seems
probable that not many counties will
buy them until a lower price than now
asked is offered.

No News of Rojostevsky.
St. Petersburg, April 25.—The ad-
miralty professes to have no infor-
mation as to whether Vice Admiral
Rojostevsky is waiting for Nebogoff's
reinforcing detachment, and say the
matter is entirely in his hands and
he has not communicated his deter-
mination. Naval men, however, are
not inclined as hitherto, to anticipate
a junction of Nebogoff with Rojostev-
sky. They suggest that the trans-
port fleet may be left to the care of
the slow but powerful ships of Nebog-
off's detachment while Rojostev-
sky tries conclusions with Togo.

ROUNDSMEN PERPLEXED

Chinamen Successfully Work Dummy
Scheme in New York.

New York, April 25.—The fruits of
the big police raid upon Chinatown,
in which 213 alleged patrons of fan
tan, pyegow and other gambling
games, were hauled into the police sta-
tions Sunday night, faded away in a
mystifying fashion when the police
attempted to arraign the Chinese in
police court.

Of the 213 arraigned only twenty-
one were held, and in the confusion
caused by the similarity of their faces
two of the twenty-one escaped. The
roundsmen who had charge of the
case declared that half of the eighty-
five Chinamen who secured bail Sun-
day night had not appeared, but in
their places were dummies so nearly
resembling them that it could not be
told without close examination whether
they were the real prisoners or not.
There was nothing to do but discharge
the so-called dummies.

Word From Gunshu Pass.

Gunshu Pass, Manchuria, April 25.—
The wet weather is increasing the
amount of infectious diseases, but the
general health of the Russian army is
good. The Japanese army is reported
to have been recruited to its full
strength, companies numbering 280
men, and each regiment has ten quick-
fire guns. Vladivostok, in expectation
of a siege, is far better provisioned
than Port Arthur was. Immense
quantities of stores collected in Man-
churia were accumulated there last
fall and winter.

For Safe Transmission of Mails.

St. Petersburg, April 25.—Ambassa-
dor Meyer has now completed his
round of calls on members of the Im-
perial family. His reception every-
where was of the most flattering
character. Mr. Meyer has just in-
stituted a semi-monthly courier service
to carry the embassy mail as far as
Germany, a practice which has long
been followed by the other embassies
at St. Petersburg.

Second Trial Begun.

Mankato, Minn., April 25.—The
twelfth juror to try Dr. G. H. Hoch,
the New Ulm dentist who is charged
with having murdered Dr. L. A. Geb-
hardt on the night of Nov. 1 last was
secured yesterday afternoon. General
Childs then began his opening state-
ment of the case to the jury.

Anxious Land Seekers.

White Earth, Minn., April 25.—
About 800 persons were in line and
many of them had stood there for
twenty-four hours when United States
Indian Agent Limon Michelet began
the allotment of land in the White
Earth reservation.

Continuing His Inquiries.

Washington, April 25.—James R.
Garfield, commissioner of corpora-
tions, who is making a personal in-
vestigation of the operations of the
oil industry, is not expected to return
to Washington for at least two weeks.
He has concluded his work in the
Kansas, Missouri and Indian territory
fields, and now is enroute to California
to continue his inquiries.

Earthquake Facts Coming Out.

Lahore, April 25.—The lieutenant
governor of the Punjab, in the course
of a public address on behalf of the
earthquake fund, stated that he hoped
the deaths by the earthquake had
not exceeded 15,000, but within the
affected area of 700 square miles,
with a population of 250,000, nearly
every building has collapsed or been
rendered uninhabitable.

Permanent Receivers Appointed.

Boston, April 25.—Jeremiah Smith,
Jr., and H. W. Ogden have been ap-
pointed permanent receivers for the
Consolidated Uvero Plantation com-
pany by Judge Colt in the United States
circuit court.

HAMMERED PRICE DOWN

Notable Tumble of Wheat Is Being
Continued.

Chicago, April 25.—Remnants of the
famous Gates line of May wheat were
thrown upon an unsupported market
on the board of trade here yesterday,
adding a further decline of 7½ cents
to the sensational 11½ cent break
of Saturday. This recession from the
dollar mark, the last price of the
previous session, was rapid and spectac-
ular and was accompanied by demon-
strations in the pit almost equal to
those of Saturday. When the final
bell closed the day's operations May
wheat was being offered at 93 cents,
a net loss of 7 cents on the day's trad-
ing.

Acted in Self-Defense.

Hamilton, Ohio, April 25.—All Sal-
aman Kapool, the Syrian of Fort
Wayne, Ind., who has been on trial
here for the murder of Mahmud Ham-
sy, a fellow countryman, was acquit-
ted last night by the jury. It was
shown by the statements of witnesses
that Kapool was attacked by Hamsy
with an ax when the latter was caught
robbing Kapool's pack of goods, and
that Hamsy was killed in self-defense.

A Bullet in His Brain.

Lagrange, Ind., April 25.—The Hon.
J. E. McClaskey, a well-known lawyer
of this city, committed suicide with
a bullet through his brain. He was
fifty years old and had served two
terms as prosecutor of the district
composed of Lagrange and Elkhart
counties. About eight months ago
he was seized of paralysis, and had
only partially recovered, although he
was able to attend to office work.

THINKS HE IS DEAD

Defaulting Treasurer's For-
mer Deputy Talks of
Frank Obenchain.

COULDN'T STAY RETIRED

Obenchain Could Not Have Refrain-
ed From Sending Word to Fam-
ily, Says Intimate Friend.

On This Theory the Belief Is Stated
That Defaulting Treasurer Is
Now Dead.

Logansport, Ind., April 25.—Al-
though basing his statement simply
on his personal acquaintance with the
habits and disposition of the man,
Frank Polk, formerly deputy county
treasurer under Elder Frank Oben-
chain, the missing county treasurer,
says that he is satisfied Obenchain is
dead, and that he will never be seen
alive. Polk declares that Obenchain
was of such a disposition that he
could not have refrained from com-
municating with his friends or his
family here for four months, and as
no word has been received from him
by any of them Polk believes him to
be dead.

So far the only effort made by the
bondsmen of Obenchain to replenish
the county treasury with funds em-
bezzled by Obenchain is a resolution
adopted at a recent meeting, to make
a partial payment of the shortage,
but as yet this payment has not been
made.

TO TEST LAW

Supreme Court Will Be Given Chance
at Cigarette Case.

Anderson, Ind., April 25.—The case
of John M. Lewis, charged with vi-
olating the law by smoking a cigarette,
will be tried in the circuit court to-
morrow. The case was appealed from
a township court, where Lewis was
fined \$25 and costs. If Judge Mc-
Clure holds the law to be constitu-
tional, the counsel for Lewis will appeal
to the supreme court, and it may be
the first case of the kind carried up.
Lewis is not giving much attention to
the matter, but two lawyers are show-
ing great concern. Since it has been
learned that Lewis was not known to
be a cigarette smoker, coupled with
his indifference in the present case,
it is no longer regarded as improbable
that he was sent out to smoke a cig-

Cost of Indiana's Courts.

Indianapolis, April 25.—For the dis-
pensation of justice throughout the
state in 1904 \$1,075,101.65 was spent,
according to figures compiled by Jos.
H. Stubbs, chief of the bureau of sta-
tistics. Of this sum the salaries of
the judges—circuit, criminal, superi-
or, appellate and supreme—amounted
to \$278,890, all of which was paid by
the state, and the remainder, \$796,
211.65, was paid by the counties for
jurors, bailiffs, care for criminals and
other court expenses. This total
makes an average of \$18,536.25 for
each judicial district, or an average
of more than \$12,000 to the county.

IMPORTANT TESTIMONY

Will Be Given by a Woman in the
Beef Trust Case.

Chicago, April 25.—The federal
grand jury which is investigating the
business transactions of the beef in-
dustry has completed its examination,
for a time, into the operations of the
Aetna Trading company and the re-
maining witnesses subpoenaed to tell
what they knew of this concern were
excused. The jurors will now take up
the testimony of witnesses who are
employed by the packers. One of the
most important of these witnesses
will be Mrs. Mary E. Marcey, author
and stenographer, who was sub-
poenaed from Kansas City. She will,
it is said, produce documentary evi-
dence which she secured, while gather-
ing material to write stories concern-
ing the packing industry. Mrs. Mar-
cey was formerly employed as a sten-
ographer by one of the packing con-
cerns in Kansas City.

The jury will continue its investi-
gation of the beef industry until April
29 when the matter will be dropped
until May 2, in order to investigate
some other matters. After these cases
are cleared up the beef inquiry will
again be taken up and completed.
No indictments on the main issue will
be voted until after May 2, according
to District Attorney Morrison.

A TEXAS TRAGEDY

Congressman Pinckney and Two Oth-
ers Slain in Political Battle.

Hempstead, Tex., April 25.—At a
mass meeting here last night, called
for the purpose of petitioning the
governor to send rangers here to en-
force the local option law, J. N.
Brown, a leading lawyer and a
staunch anti-prohibitionist, began
shooting, which became general in an
instant. Three men were killed, one
man was fatally injured, and two oth-
ers seriously wounded. The dead are:
J. N. Brown, Congressman John M.
Pinckney, Tom Pinckney, brother of
the congressman. John Mills, a lead-
ing prohibitionist, it is feared, cannot
survive. Doc Tompkins, private sec-
retary to Congressman Pinckney, and
Rolling Brown, son of J. N. Brown,
are badly wounded, but just how se-
riously cannot now be determined.

There are many armed men on the
streets today, but it is not believed
there will be any more trouble. The
governor has been notified and will
send rangers here. A special train
was run from Houston with surgeons
to attend the wounded.

There has been bitter feeling for
several years over the prohibition
question, and the recent election,
when the "antis" failed to gain the
victory they had expected, added to
this. The whole county has been
divided into factions as a result.

Recently Tucker Pinckney, a brother
of John M. Pinckney, was shot to
death by negroes.

Mining Companies Seek Damages.

Denver, Col., April 25.—Suits for
damages aggregating \$1,000,000 have
been filed in the state and federal
courts by a number of Cripple Creek
mining companies against the West-
ern Federation of Miners and its offi-
cers. The complaints are all of sim-
ilar nature. They charge the defend-
ants with unlawfully conspiring to in-
jure the plaintiffs by preventing the
mining and shipment of ore. The
suits are an outcome of the strike
which was ordered in the Cripple
Creek district in August, 1903.

Shoe Gives Evidence.

Mount Vernon, Ohio, April 25.—
Sheriff Scheelenberger has arrested
George Copeland, aged eighteen, col-
ored, on a charge of being connected
with the murder of Miss Marinda
Brieker, whose body was found at the
Fairchild residence Sunday morning.
Copeland denies all knowledge of the
crime, and says he can prove an alibi.
A shoe from the arrested man's foot
was taken and it fitted exactly the
imprint left in the yard at the Fair-
child residence, the sheriff says.

Honors to Ambassador's Memory.

Mexico City, April 25.—On the ar-
rival of the special train with the
remains of the late Ambassador Aspiroz
the body was immediately transferred
to the temporary chapel in the de-
partment of foreign relations. The
funeral was a notable and imposing
one. The cortege consisted of com-
missions from the various govern-
ment departments and of representa-
tives of the various foreign nations.

Cannot Tax Indians.

Helena, Mont., April 25.—Judge
Hunt in the United States court has
decided the noted Indian tax case
from Missoula county, holding that
the county could not tax the property
of Indians living on reservations. A
temporary injunction against selling
the property of Indians which had
been assessed, seized and ordered sold
was made permanent.

Consul's Sons Punished.

Zucca, Sicily, April 25.—The courts
here have condemned two sons of the
Belgian consul for the violation of the
domicile of the writer "Ouida" (Mlle.
De La Ramee).

In Memoriam

In loving remembrance of our dear papa, Samuel Craigie, who died April 25, 1904:

We loved you papa, but angels loved you more

And they sweetly called you home to yonder blissful shore.

The golden gates were open, and a gentle voice said, Come,

And with farewells spoken, you calmly entered home.

Your chair is vacant, papa, and our hearts are sad and lonely,

But the one who gave you, called you home.

He alone our hearts can heal.

Son and daughter. Mr. and Mrs. E. S. Jarrett.

In Memory of Mrs. Sallie White.

Sarah Isabel Looney was born in Noble township, Rush county, February 26th, 1827, and died at her home in Glenwood April 18, 1905, aged 78 years, 1 month and 22 days. She was married to Johnathan S. White on the 28th day of October, 1849, to which union was born one child, a daughter, who passed away in November, 1879. This daughter became the wife of Thomas Ruff, and the mother of four children—Earl and Roy Ruff, Mrs. Blanche Wilson and Mrs. Margaret Cook.

The deceased was the daughter of the pioneer Peter Looney, being one of 8 children—5 daughters and 3 sons—two of which are still living as the last members of this grand old family.

Early in life, at the age of sixteen, in the year 1843, Mrs. White seriously considered the call of the eternal and at the Little Flatrock Christian church, confessed Jesus Christ as the son of the living God, and her undying hope for the endless life. Her after life proved the joy and importance of this occasion.

Though much of her life was spent out of the zone of Little Flatrock, yet her veneration and love for that church was so strong she never asked for a letter of dismissal. Her's was a sort of silent, spiritual, deepening worship, one in which the spirit of the lonely Nazarene touched her spirit and whispered to her words of comfort and peace and rest.

During life she was blessed in many ways—by a loving companion, by rugged health, and by that zeal of devotion that made her a lover of home and those with whom she came in contact. Everybody was her friend, and all mourn her departure. With her unselfish spirit, she made many a wayfarer happy by her generosity and kindness. Indeed, to sum up the chief traits of her character in briefest words one would say, she was loving, gentle, kind, true, sacrificing and trustful in the Master, believing Him to be the true support of every infinite good that permeates the human soul.

Her host of friends deplore her death, and the relatives deeply feel the darkness that has invaded their shrine—not that she has been lost, but because her wise counsel, her beautiful example of Christian living, her illuminating, incarnate faith are gone from them.

Through the myriad stars of heavens in the vision of our own faith, we may see her today safe within the arms of Jesus, resting serenely within that mansion bought by the price of faith, where there is quiet from earth's labors, and where there is no unending season of triumphal bliss and joy.

To find the want ad. which spells "opportunity" for you, it may be necessary to read all the "Want Adlets" on the second page of the Daily Republican regularly every day. Failing to do so even one day, may mean a pecuniary loss to you—having missed something that was intended for you.

PITY THE GIRL WITH NERVES

Sunken Eyes and Hollow Cheeks Tell Story of Ravages of Dyspepsia.

Beauty depends upon health. Wrinkles, crow's-feet, deep-set eyes, hollow cheeks and hysteria follow closely in the wake of a disordered stomach. Of all nerve destroying maladies, dyspepsia is the worst. It will tear your system to pieces and make life miserable. You cannot eat or sleep, you grow thin, weak and sorrow.

Indigestion and a hot bitter fluid rising in the throat are the first symptoms. If you have these buy a package of Rexal Dyspepsia Tablets.

CAPT. GEO. W. COOK, A CIVIL WAR VETERAN, OF 102 MULLEN ST., DETROIT, MICHIGAN, N. Y.

"I have suffered from acute dyspepsia for the past eight years and could find no relief from doctors or medicine until I procured a box of Rexal Dyspepsia Tablets. These I am pleased to say gave me immediate relief. They do all that is claimed for them and are easy and pleasant to take."

This is the only remedy we know of that will positively and permanently cure dyspepsia. It embodies a new medical principle heretofore unknown in the treatment of this disease. We have enough confidence in it to make this offer: Give Rexal! Dyspepsia Tablets a trial. If they don't cure you we will return your money.

BAR-BEN NERVE FOOD

Builds up the Body, Brain and Nerves. It cures the germ and microbes in the blood, expelling the morbid, unhealthy matter which irritates the nervous system and breaks down the vitality of men and women.

The Bar-Ben are combined both the purifying and tonic properties that are necessary to restore health and strength to the broken down system. If you are nervous, irritable, restless; your heart jumps and palpitates at every noise; you cannot concentrate your mind on your work; do not sleep well at night; have no appetite for food; and no ambition—you need Bar-Ben. It will aid your digestion, increase your appetite, and within a few days you will feel that you are a new man and begin taking it. The sooner you commence the sooner your weakness will vanish.

All druggists, or mailed on receipt of price, 50 cents. For free sample and medical advice, write Bar-Ben Remedies Co., Cleveland, O.

Symptoms That Invite Germs

Little Ailments That Should Be Looked After if One Wants to Keep Well.

Anyone who has any of the many symptoms caused by poor digestion should take special care to avoid conditions where disease germs are likely to be present. Extreme thinness is the most common indication of a weak stomach, but any of the following symptoms are also good evidence of stomach troubles.

Indigestion at stomach
Acidity
Water-brash
Spitting up food
Colic
Sensation of weight or heaviness at pit of stomach
Sore mouth
Constipation
Sediment in urine
Night sweats
Headache

Cold hands and feet
Confusion of mind
Flatulency
Heartburn
Nausea
Gripes

Defects of vision or hearing
Sleeplessness
Palpitation of the heart

These little ailments, which indicate a weak stomach and imperfect digestion, should be looked after by the use of Mi-o-na, if one wants to keep well. A tablet of this remarkable remedy, taken before each meal, will so strengthen the stomach and digestive organs that natural weight will be restored and perfect health and strength regained.

Mi-o-na is so nearly infallible in curing indigestion and the many diseases resulting from a weakened stomach, that a guarantee to refund the money is given with every box, should it not give perfect satisfaction. Ask Johnson's Drug Store to show you the Mi-o-na guarantee.

IN BUYING YOUR FLOUR

Be sure that the printed matter on the sack reads, "Purity, High Patent", or "Indiana Pride, Straight Patent", made by C. G. Clark & Sons, and you will have the best that machinery, good wheat and a life time experience can make. Ask your grocer for it and do not take a substitute, they may tell you it is as good but they are mistaken. For sale by all leading grocers of Rushville and Rush County.

C. F. Felton is considerably better today.

John K. Stiers has sold to his brother, James H. Stiers, his 80 acre farm, south of town for \$10,164.

Attorney McKee, of Connersville, was here today and argued some law questions in the case of Felton et al. vs. the People's Natural Gas Co.

The New Salem Telephone company has filed articles of incorporation with the Auditor of State. The capital stock is \$5000 and the directors are as follows: William P. King, John O. Williams, Chester M. George, Henry V. Logan and Montes L. Stewart.

The Berry Stock company will occupy the boards at the city opera house all next week. The company is at Connersville this week. It is a strong one with a good repertoire. Ladies will be admitted free Monday night when accompanied by one paid ticket. There will be a matinee on Saturday afternoon.

Word has been received here of the death of Mrs. Laura Carson, which occurred at her home, 927 Ft. Wayne avenue, Indianapolis, Monday at 10 a. m. Mrs. Carson was a sister of Clell Maple, of this city. He left this evening for Indianapolis to attend the funeral, which will be held tomorrow. Mrs. Carson had been ill with typhoid fever.

The funeral services of John H. Schenkel, who died Sunday of consumption, were held at the Catholic church at 9 o'clock this morning, conducted by Rev. P. H. Rowan. The burial took place at Calvary cemetery. Innis, Pearce & Co. shut down their factory this morning in order to allow their employees to attend the funeral.

Superintendent Headlee has as yet secured no speaker for the county commencement to be held in this city on June 5th. He has tried to make arrangements with Senator Beveridge and E. B. Bryan, the president of Franklin college, but has failed to obtain the services of either gentlemen. He is now making an effort to secure Governor Hanly to make the address.

The Clarksburg Gas Co. has purchased the Eich and Christian gas plant at Clarksburg. The plant includes seven miles of gas mains, one hundred meters and serves the town of Clarksburg and some farm residences on the Sandusky pike. The members of the new firm are Jethro Meek, Will Kincaid, C. H. Doles and John Tarplee.

Next Monday is the last day to pay tax. After that date the penalty will be added. The State does not allow the county treasurer to extend the time. Whatever may have been the practice in the past, the State treasurer insists that the new rule must be enforced from now on or else the county treasurer will be compelled to pay the penalty himself.

Shelbyville Democrat: H. P. Adams, a tramp printer, was taken in by Officer Farrell and Laws Saturday evening and housed with Sheriff Newton over Sunday. Today he was taken before Squire Webb and on his promise to leave town the charge of intoxication was dismissed. He gave his birthplace as Rushville and his present residence as the United States at large.

Greensburg News, Monday: George Lanham, Web Woodfill, Everett Arbuckle and Charles Woodfill went to Indianapolis yesterday and drove home a new Ford automobile for Lanham's automobile stock. The party left Indianapolis at two o'clock in the afternoon and made their first stop in Shelbyville. Their next stop was at Manilla, where the party remained an hour and then started for Rushville. At the latter place they took supper and then continued their journey by way of Milroy and Sandusky to Greensburg, arriving home at 7:15 p. m.

A leak in a gas main belonging to the People's Natural Gas company and situated at the corner of Harrison and First streets, has been causing considerable excitement in that vicinity for the past two or three days. The gas spread into the sewer and in some manner caught fire. The ground directly above the sewer became so hot that the rain drops were turned into steam soon after they reached the ground. Last evening E. A. Lee touched a match to an opening which leads into the sewer and flames immediately belched forth. The leak was repaired this morning. The gas escaped from a leak in an elbow in the pipe leading from the regulator at the foot of Harrison street. The regulator has been unused for some time and the gas company was unaware of the presence of the gas in the pipes. The matter is being further looked into.

Reminding Private Banks. Indianapolis, April 25.—Not waiting for the private banks of the state to make application for the blanks to be used in compliance with the new private bank law, a list of the 280 private banks has been procured by George U. Bingham of the auditor's office, and the blanks are being sent out to every bank on that list. It is provided that the new law shall be complied with by July 1, but so far none of the blanks has been sent to the auditor's office for filing.

Many Milch Cows May Be Killed. Noblesville, Ind., April 25.—Many cattle in Hamilton county are afflicted with consumption. A chemical test of the milk from the cows has proved it to be very impure, and it is likely that health officers will order all of the animals killed to keep the disease from spreading. The state board of health has taken the matter up and suggests that all the cattle which have the slightest symptoms of the malady be slaughtered.

SOCIETY NEWS

The Whist club will have tomorrow afternoon with Mrs. Jesse Slaughter on North Harrison street.

The Five Hundred club met yesterday afternoon with Mrs. J. C. Sexton. The fork was won by the hostess.

The highest scores of the Amateur Bowling club last night were 169 by Bert Simpson and 105 by Miss Ethel Amos.

Mrs. J. C. Sexton entertained the Lotus club last evening at her home on North Main street. Mrs. Theodore Reed was granted the favor for high playing.

The Oratorio Society postponed its regular meeting which was to have been held last night, on account of the Ladies' Musical concert. The rehearsal will be held tonight at the assembly room.

The Ladies Musical concert last night was a decided success. Floral decorations in green and white, the colors of the club, made the assembly room very attractive to the crowd which attended. The program had been prepared with carefulness, and was rendered with great success. The society was assisted by Mr. B. F. Miller and Mr. Carl Morris. Prof. J. Riley Small also assisted as accompanist in several vocal selections. The house was comfortably filled and a neat sum was realized at the door.

RAILROAD NOTES

The battleship type of locomotive recently purchased by the C. H. & D. is doing very satisfactory work and the management is so much pleased that probably contracts will be made for more engines of this type.

The white caps which are worn by the passenger trainmen of the Pennsylvania during the summer will be donned on Monday next, and the men will have their choice in the weight of their uniforms, it being custom to wear summer clothes of slightly lighter quality.

A special train passed through this city yesterday about 2 p. m. over the C. H. & D. from Cincinnati to Indianapolis, carrying United States troops. A fast run was made between Hamilton and Indianapolis. The train consisted of three baggage coaches, three tourist cars and one sleeper. The soldiers were Companies A and D of the Ninth Infantry and numbered seven officers and 145 enlisted men. They are on their way to San Francisco to depart for the Philippines.

One evidence of the renewed activity in building operations is shown by the fact that Louis Jackson, Industrial Commissioner of the Erie Railroad, has received information that the 97 quarries on the line of that road now being worked to their full capacity. Of these quarries 13 produce sandstone, 2 granite, 52 blue stone, 6 trap rock and 24 limestone, 11 of the companies owning the limestone quarries also operate lime kilns. Of the entire number of quarries 43 are located in New York and New Jersey, 33 in Pennsylvania, 16 in Ohio and 5 in Indiana.
